RE: Hurricane Harvey Update No. 1

Dear MOL Customer:

The impact of Hurricane Harvey on the coastal area of southeast Texas and the greater Houston area is significant. Please note the following operational impact for MOL.

Vessel Delays:

Service	Vessel	Status
AL4	<i>Vecchio Bridge 099W/E</i>	Rotation change between Houston and New Orleans. Omit Mobile. Delayed berthing at Houston (7 days behind proforma).

Ports and Ocean Terminals:

The Port of Houston has been closed since Friday with the potential for a longer closure depending on weather conditions.

Rail Terminals:

The BNSF Houston (Pearland) Intermodal and Automotive facilities are both currently suspended. Train loading/unloading operations are currently suspended.

While MOL will provide additional general updates as needed, impacted customers will be contacted directly. If you have any questions, please contact your MOL sales or customer service representative. As always, we appreciate your business.

Sincerely,

MOL (America) Inc.
